

Green Hills Group
Registered as NGO in 2004
(Reg No E-4044, www.greenhillsgroup.org)

- **Green Hills Group has been working for last 10 years in rain water harvesting and tree plantation in Pune. Initially for 5 to 6 years, we worked as a small group and then registered as a trust called Green Hills Group. All of us carry a dream and have mission impossible ahead of us – we want to make hills around Pune, Green!**
- **For last *Ten* years we are planting trees on Hanuman Tekdi , for last *six* years we started planting trees on Chatushrungi Hills. Since 2010 we have planted and nurtured around 4000 plants on forest land on ARAI-MIT hill.**

Hanuman Tekdi ,Chatushrungi Hill and Forest Land behind ARAI

Hanuman Tekdi
(From 1998.....)

Chatushrungi Tekdi
(From 2004)

Forest land behind ARAI
(From 2010)

Hanuman Tekdi

Natural stone query getting filled by rain water harvesting at Hanuman Tekdi

Small Ponds - rainwater harvesting on Hanuman tekdi.

Water Tanks on Hanuman tekdi.

Hanuman Tekdi – Rocky hills is becoming green

Hanuman Tekdi-
No need of health club.

Long struggle .

After 12 years
of struggle ...

Chatushrungi Hill – Total around 5000 plants

Bio-fertilizer from flower waste
“Nirmalya” during navaratri

Ten ton of Household
wet waste
distributed to all trees

Volunteering activity is
not taxing.

Chatushrungi Hill

2000 plants are being Watered using drip Irrigation.

Volunteering is stress relieving

Daily soil work

Modern Mandirs

Chatushrungi Hill - 10000 Mtrs of Continuous Contour Trenches

Forest land at MIT-ARAI hill ,Plantation started in 2010

Artificial pond for Peacock and birds

Improve quality of soil by Putting bio fertilizer.

Protecting plants from accidental hefire by cutting 5 ft grass after each monsoon

Forest land at MIT-ARAI hill – restoration of eco system

Barren land in 2010

Plants getting water using drip irrigation

4000 Native plants
inviting peacock's ,
Rabbits , snakes and
deer

Forest land at MIT-ARAI hill – restoration of eco system

Seeds in the midst
of Glyricidia

Will they make it ?

Continuous Contour
Trenches

Forest land at MIT-ARAI hill – restoration of eco system

Contribution from Corporate employees and students

It is not so taxing 😊

Satisfying work

Forest land at MIT-ARAI hill – List of plants

Pimple	Awala	Karanj
Shisoo	Chinch	Kaduneem

What next ?

1. Green more hills around Pune.
2. Expand in other villages.
3. More Focus on native plants.
4. Collect seeds of native plants from hills and provide to Nurseries.
5. Build tree data using GPS and show in Google Map.
